

FLEXIGUNS

FLEXIMASTER - CS6.15A - CS6.25

Cassese invented the first 15mm flexible point in the early 80's. A few years later was launched the 25mm flexipoint, also invented by Cassese.

Today Cassese proposes a range of very reliable flexiguns, for all budgets and all type of flexipoints, 15mm "Arrow" or "Regular" and 25mm flexipoints

FLEXIMASTER

Our Manual Gun Fleximaster can now shoot any type of 15mm flexipoints... and even Cassese special hard points !

- Flexipoints : ref. ARROW15B (3,400 pcs/box)
- Hard points: ref. HARD15S (3,400 pcs/box)

- Easy-to-load magazine accommodates 170 flexible or hard Cassese points
- Spring-adjusted firing power to match wood density
- Lightweight and full-grip trigger provides comfortable firing of points
- Ideal for Art & Graphics Matting, Digital Print & Photo Labs, Custom Picture Framers, Professional Artists, Hobbyists & Sign Fabricators

CS 6.15A

A very popular pneumatic gun, dedicated to use "Regular" or "Arrow" flexipoints from Cassese.

- Lightweight for maximum comfort of use
- Quick Slide against the rebate thanks to a new design head (2 sides opened)
- Extreme reliability proved by users worldwide
- Ideal for medium and contract framers

CS 6.25

An exclusive pneumatic gun, dedicated to use 25mm flexipoints from Cassese.

- Lightweight for maximum comfort of use
- Quick Slide against the rebate thanks to a new design head (2 sides opened)
- Uses only 25mm flexipoints. Ideal for big frames, mirrors or poster frames
- Economical : 1 flexipoint of 25mm can easily replace 4 regular flexipoints of 15mm
- Extreme reliability proved by users worldwide
- Ideal for medium and contract framers
